INFECTION AND SEPSIS SYMPOSIUM

WWW.GIS.PT

September, 30 – Sepsis in cancer Patients

09h00-09h30: Caring for critically ill cancer patients:

Chairperson:

09h30-10h45: Round Table: Management of Infection in critically ill cancer patients

Chairpersons: tba | Paulo Mergulhão

- Is de-escalation safe? José Artur Paiva
- The EPC epidemics in hemato-oncology. Carolina Garcia-Vidal
- Predicting the risk for ESBL and CRE.

10h45-11h00: Opening ceremony

11h00: Poster Presentation

11h00-11h30: Coffee-break

11h30-12h00: End-of-life infection: Ethical boundaries of AB use:

Chairperson:

12h00-12h30: The epidemiology of cancer patients requiring ICU admission:

Chairperson:

12h30-14h00: Lunch

14h00-14h30: The evolving landscape of cancer treatment: Cláudia Vieira

Chairperson:

14h30-15h45: Round Table: The art of good decision-making

Chairpersons:

- Management of BSI in hemato-oncology: is there a role for AI? Carolina Garcia-Vidal
- Time is tissue!
- Side effects of the new cancer drugs.

15h45-16h15: Antifungal therapy in neutropenic patients: when and how?

Chairperson:

16h15: Poster Presentation

16h15-16h45: Coffee-break

16h45-18h00: Round Table: Surgical Site Infection in Cancer Patients

Chairpersons:

- Risk factors for SSI in cancer surgery.
- What is new in invasive candidiasis?
- When is source control an emergency? Philippe Montravers

30 Sep. - 2 Oct.'20
IPANEMA PARK HOTEL

25TH

INFECTION AND SEPSIS SYMPOSIUM

WWW.GIS.PT

October, 1 – Antimicrobial stewardship: an evolving Landscape

09h00-09h30: Optimal management of complicated IAI. Philippe Montravers

Chairperson:

09h30-10h15: Round Table: Infection in the ICU

Chairpersons:

-AMS and Autonomy in the ICU. José Artur Paiva

-Ventilator-Associated events: Is this a useful concept? Jordi Rello

10h15: Poster Presentation

10h15 -10h45: *Coffee-Break*

10h45-12h15: Round Table: Emerging concepts and concerns

Chairpersons:

-Lessons from the MERINO trial.

-AB use - maximising effectiveness.

12h15-13h45: *Lunch*

13h45-14h30: Pro-Con debate

Chairperson:

The Role of the new BL ABs:

-They are primarily carbapenem-sparing agents: PRO: Philippe Montravers

-They are primarily carbapenem-sparing agents: CON:

14h45-16h00: Round Table New diagnostic tools

Chairpersons:

-Calprotectin. Jordi Rello

-Putting rapid MB diagnosis to (good) use. Paulo Mergulhão

-“Fast and Furious 2020”: a novel laboratory workflow for bacterial and fungal identification in septic patients.

16h00: Poster Presentation

16h00-16h30: *Coffee-break*

16h30-17h45: Round Table: AMS: the tricky art of implementation

Chairpersons: tba | Teresa Brandão

-Development of the GIS-TSA program.

-Must-have tools for a successful program.

-The end-user: What does the clinician expect from AST programs?

17h45-18h15: Stewardship is an evolving concept.

Chairperson:

30 Sep. - 2 Oct.'20
IPANEMA PARK HOTEL

25TH

INFECTION AND SEPSIS SYMPOSIUM

WWW.GIS.PT

October, 2 – Current Controversies in Sepsis Care

09h00-09h30: Challenges in the management of septic shock. Rui Moreno
Chairperson:

09h30-10h45: Round Table: Pro-adrenomedullin
Chairpersons:

- MR-proADM as a biomarker in sepsis. Jordi Rello
- It's role in CAP. José Manuel Pereira
- Adrecizumab - a promising therapeutic option?

10h45: Poster Presentation

10h45-11h15: *Coffee-break*

11h15-12h50: Round Table: Coming options

Chairpersons: Paulo Mergulhão | tba

- Targeting inflammation in pneumonia.
- New vasopressors.
- Recombinant alkaline phosphatase.
- IgM-enriched IG in sepsis.

12h50-13h20: How I evaluate and treat CAP in 2020.

Chairperson:

13h20-14h30: Round Table: Sepsis 2020

Chairpersons:

- Heterogeneity in sepsis. Márcio Borges Sá
- GIS agenda for 2020. Paulo Mergulhão
- Implementation of the National SFT in Spain. Márcio Borges Sá
